Larry Cherubino is one of Australia’s most acclaimed winemakers, with extensive experience in large and small wineries in Australia and major overseas wine regions.

He is renowned for his passionate commitment to maximising wine quality in both vineyard and winery, his state of the art technical knowledge and for having a highly developed understanding of modern wine styles. A graduate of Roseworthy College, Larry had a distinguished career with BRL Hardy at Tintara in South Australia and then at Houghton in Western Australia, where his wines won hundreds of awards in the highly competitive Australian and International wine show system.

In 2005 Larry and his partner Edwina launched Larry Cherubino Wines with the release of a single vineyard Shiraz from Frankland River, Western Australia. Since then the portfolio has grown into four ranges of wine: *Ad Hoc*, *The Yard*, *Laissez Faire* and *Cherubino*. Larry also operates Cherubino Consulting, working with wineries in Australia and the USA.

LARRY CHERUBINO WINE RANGES:

Ad Hoc – our take on WA’s classic regional and varietal pairings.

The Yard – single vineyard wines, sourcing all fruit from family vineyards in Western Australia’s premier wine growing regions.

Laissez Faire – minimal intervention winemaking producing wines with a natural sense of place.

Cherubino – our premium handmade range of wines.
