2007 WALLFLOWER RIESLING

"Riesling the shy unassuming grape"

The Vintage: 2007 resulted in record low crops and early harvest. The resulting wines have very intense flavours and soft gentle acidity.

The Winemaking: Fruit was harvested at night and gently de-stemmed. Only the free run portion of the juice was used for this wine. Natural yeasts combined with, long cool fermentation at 10-12°C ensured that the essence of the fruit was captured. The wine was prepared and bottled in June 2007.

The Wine: A finely structured Riesling wine which has all the typical characteristics of the Mt Barker region. Lime, citrus blossom and a tightly wound core of fruit that will help the wine age over the next 2-3 years.

Drink With: Thai, seafood dishes.
